

CER PROPOSAL

2021-26

**PROPOSED CORPORATE ENVIRONMENT
RESPONSIBILITY FUND ASSESSMENT REPORT FOR THE
GRANITE BUILDING STONE QUARRY PROJECT OF
M/S. THIRUVAMBADY ROCKS PRIVATE LIMITED
SITUATING AT THIRUVAMBADY GRAMA
PANCHAYATH, THIRUVAMBADY VILLAGE,
THAMARASSERY TALUK AND KOZHIKODE DISTRICT.**

INTRODUCTION

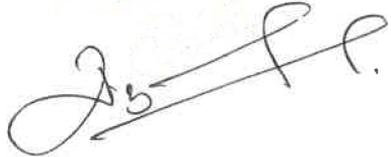

In order to execute an efficient activity regarding the Corporate Environment Responsibility (CER) a need analysis was conducted with a special reference to the people, who are working at Panchayath administrative committee, at Rural Areas of Thiruvambady Grama Panchayath, and at Thiruvambady Village in Kozhikode District. The main objective of the study is to give a hand to the Project Proponent in materializing their commitment on CER. As per the Environment Impact Assessment (EIA) Notification of 2006, issued under the Environment Protection Act of 1986, Environment Clearance (EC) in respect of certain development projects and activities listed out in the Schedule to the Notification was made mandatory.

In order to have a transparency and uniformity while recommending CER by Expert Appraisal Committee (EAC) and State Level Expert Committee (SEAC), the Guidelines were issued along with the Notification. The activities proposed under CER shall be worked out based on the issues raised during the Special Need Assessment, R&R plan, EMP etc. Some of the activities which can be carried out in CER include providing Solar Panel Facilities, Solar Street Light Facilities, Rain Water Harvesting Systems, Drinking Water Purifiers, renovation works of local facilities like open wells, thodu, ponds etc.

The Granite Building Stone Quarry Project - **M/s. Thiruvambady Rocks Private Limited situated at Thiruvambady Grama Panchayath limits with an extent of 0.9800 Ha** is responsible to implement the CER activities as noted, on behalf of the Panchayath. As such the CER activities are included by identifying the significant problem faced by the rural population of Thiruvambady Grama Panchayath. The main objective of this CER assessment is to understand the local problems faced by the community. This activity also aids in improving the inclusive development of the Society in general and the local Community of Thiruvambady Grama Panchayath in particular. The Project Proponent with commitment towards Society and Environment will shoulder the said responsibility.

We have noted below the Activity details against CER with the estimated cost, which reflects the activities planned to be implemented at Thiruvambady Grama Panchayath of Kozhikode District. The Project Proponent has created a Corporate Social Responsibility cell which consists of members of Thiruvambady Grama Panchayath Administrative Committee, and Project Proponent's team. All the proposed activities under CER are discussed in the committee and the decision to implement the activities will be taken as per the Project proposal noted below.

Corporate Environmental Responsibility cell members (2021-2026):

<p>1. Mr. Ramakrishnan. C - (Managing Director and Authorised Signatory of M/s. Thiruvambady Rocks Private Limited)</p>	
<p>2. Mr. V.K. Hussain Kutty Haji - (Quarry In charge)</p>	
<p>3. Mr. Augastin - (President, Thiruvambadi Grama Panchayat)</p>	 <p>P.T. AUGUSTINE President Thiruvambady Gramapanchayat Ph: 9447 560 814</p>
<p>4. Mr. V.C. Abdul majeed - (Partner, M/s. Thiruvambady Rocks Private Limited)</p>	
<p>5. Mr. Abdul Rasheed .T.P - (Operation Manager)</p>	
<p>6. Mr. Rashique - (Accounts officer)</p>	

The CER committee has decided the following CER activity as part of this Environment Management plan.

Year	Project Brief description	Project Cost
2021-23	<ul style="list-style-type: none"> Solar street light unit Implementation: The Committee decided and the Project Proponent agreed to provide 20 Solar Street Light units costing Rs. 30,000 per unit in Thiruvambadi Pullurampara road in Thiruvambady Grama Panchayath. Each unit contains a Steel rod of 6metres length with a base plate, 125Watts Solar Panel, 30 Ah Lithium Phosphate batteries and a 30 Watts LED light and a night reflector. It will solve the light problem of the pedestrians during the night. Approximate cost of the project will be about Rs. 30,000 * 20 units = Rs. 6,00,000 rupees. 	6,00,000
2023-26	Maintenance and Service charges against Solar Street Lighting Such as Solar panel pole painting and weather protection works, Battery unit maintenance and services, Solar Panel System and Light Services, etc. to be paid to Thiruvambady Grama Panchayath.	1,00,000
TOTAL		7,00,000

We are ready to provide the above mentioned activities as part of our Corporate Environmental Responsibility to improve the inclusive development of the Society.

CONCLUSION:

Being Environmentally Responsible, we have taken our CER activities very seriously. We have thoroughly discussed the requirements of improving the conditions of Thiruvambady Grama Panchayath. We will ensure that the activities mentioned above will be properly implemented and regularly maintained and monitored.
